ANTI INTRUSION ALARM SYSTEM

Quantity	Content	Ghc per unit	Ghc Total
	DEFENS 9001 Plus - alarm radio-controlled (dynamic code) with 360 trillion of dynamic codes. System ANTI - THEFT, expandability via radio, by wire, double adjustable sensitivity receiver Omnix dual-frequency selectivity, to manage devices via radio transmitter, 6 days of autonomy in the absence of the network. possibility of setting two groups CH1-CH2 by remote control. Metal container	2.794,00	
	MULTI Professional - Alarm remote controlled (dynamic code) with 360 trillion of dynamic codes. System ANTI - THEFT, ANTI-BLINDING function, JOURNAL EVENTS (200 events recorded), expandability via radio (64 + 32 wireless zones), via wire (2 zones), 3 zones GLOBAL receiver Omnix dual frequency selectivity, the metal container, 2 days autonomy in the absence of electricity	3.723,00	
		Total amount

ACCESSORIES

Quantity	Content	Ghc per unit	Ghc Total
	MINERVA - Electronic acoustic alarm by wire, double protection, LED display system.	531,00	
	ATHENA - Electronic acoustic alarm Full Radio (completely wireless) double protection.	929,00	
	ATHENA 2 - Electronic acoustic alarm, Full Radio with LED display and beep system status, double protection.	1.150,00	
	VOICE 4 GSM - Gsm dialer calls up to 8 numbers (4 different relay outputs)	1.438,00	
	WL-TU - Trasmmitter for two different and independent contact (CME - CMI) (supervised)	283,00	
	WL-IR2 - Infrared sensor (presence detection) radio (supervised)	340,00	
	WL-EX - Dual beam infrared sensor with adjustable sensitivity and high detection	1.102,00	
	WL-EX2 - Dual beam infrared sensor with sensitivity adjustment and height detection with microwave technology	1.144,00	
	WL-EX3 - Wireless outdoor sensor detection up to 25m	1.681,00	
	WL-EX4 - Wireless outdoor sensor detection up to 25m. Big distance up to 1 km	1.903,00	
	TX-DYNACODE - Remote control with dynamic code	150,00	
	SWITCH-ALARM - Detector openings shutters	37,00	
	CMG - Armored magnetic contact for overhead doors, wired	66,00	
	CME - Magnetic contact (detection openings) flat surfaces, by wire	17,00	
	CMI - Contatto magnetico (Rilevazione apertura) da incasso, via filo	17,00	
	TX-LED e ATHENA 2 - Transmitter for management ATHENA 2 and LED Display Full Radio	367,00	
	LED - System status indicator for Full Radio (without transmitter)	256,00	
	WL-IR3 - Large infrared sensor	362,00	
	RX-20 - Radio receiver 20 zones supervised for anti-blinding WL-EX4 Big Distance up to 1 Km	774,00	
	Total amount
